Programming and timing subject to change

After School – within 10 minutes of school letting out a Masaki Martial Arts van will arrive to pick up your kids. The vans are equipped with heating and air conditioning, and we have small crafting activities while we complete our routes.

Arrival – students arrive at our dojo and deposit their school stuff before engaging in games, crafts, or snacks depending on timing

Class! – classes are available every day and our Directors will guide you to specific classes that will best suit your child’s age and experience level. Classes are led by our Black Belt instructors and emphasize the respect, self-discipline, and hard work needed to succeed in martial arts and their education

Before/After Class – our After School room has lots of games, books, and toys for kids to interact with after class, or they can hang out with their friends, work on homework, or take extra martial arts classes!

4:45-5:45 – pickup window, flexible if kids need to leave earlier

Early Release – on days where kids have early release after noon, After School pickup is still offered for no additional fee

Ridiculously Early Release – on days where kids have early release before noon, After School pickup and programming is an extra \$30
